

# CITY OF LODI

PUBLIC WORKS DEPARTMENT

## COUNCIL COMMUNICATION

TO: City Council  
FROM: City Manager  
MEETING DATE: October 3, 1990  
AGENDA TITLE: 1990-91 Transportation Development Act Claim

**RECOMMENDED ACTION:** That the City Council adopt a resolution approving the City's 1990-91 Transportation Development Act, "TDA", claim for local transportation funds, "LTF", and State Transit Assistance, "STA", and authorize the City Manager to sign on behalf of the City.

**BACKGROUND INFORMATION:** The City's 1990-91 TDA claim requests all of the LTF apportionment which amounts to \$1,122,480 and the STA apportionment which is \$5,221. It is estimated that we will be using approximately \$363,000 of LTF and all of the STA money for the transit system. Included in this amount is the purchase of replacement vehicles in the amount of \$64,000.

TDA funds are used in conjunction with other street funds for the transportation improvement program and maintenance of our streets. This claim includes work in progress projects as well as street projects that are expected to be included in the capital improvement plan which will use the LTF. Projects are shown on the attached list. Showing these projects on our claim allows us the flexibility to use TDA funds. It does not approve these projects for construction. The pedestrian and bicycle apportionment, \$21,300, will be on the City sidewalk upgrading program together with other funds. Since this project includes pedestrian safety, it meets the requirements of this portion of the claim.

A complete claim form is in the City Manager's file but not included as part of this communication.
